2 9.1 Leadership theory Leadership is a process by which a person influences others to accomplish aims or objectives, using their capacity to motivate, inspire and influence others.

### **Chapter 9 Leadership - acornlive.com**

Decision theory (or the theory of choice) is the study of the reasoning underlying an agent's choices. Decision theory can be broken into three branches: normative decision theory, which gives advice on how to make the best decisions, given a set of uncertain beliefs and a set of values; descriptive decision theory, which analyzes how existing, possibly irrational agents actually make ...

### **Decision theory - Wikipedia**

The buying decision process is the decision-making process used by consumers regarding market transactions before, during, and after the purchase of a good or service. It can be seen as a particular form of a cost-benefit analysis in the presence of multiple alternatives.. Common examples include shopping and deciding what to eat. Decision-making is a psychological construct.

### **Buyer decision process - Wikipedia**

Decision making under risk is presented in the context of decision analysis using different decision criteria for public and private decisions based on decision criteria, type, and quality of available information together with risk assessment.
