The American Association of Colleges of Nursing (AACN) is the national voice for baccalaureate and graduate nursing education. AACN works to establish quality standards for nursing education; assists schools in implementing those standards; influences the nursing profession to improve health care; and promotes public support for professional nursing education, research, and practice.

American Association of Colleges of Nursing (AACN) > Home

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Breastfeeding is the normal, unequalled way to feed your baby. Babies need just your milk for the first six months. Breastfeeding for up to two years or longer is healthy for babies and is encouraged.

Breastfeeding | Prenatal Education

Labetalol is a medication used to treat high blood pressure. It can be given intravenously in severe hypertensive situations, or by mouth for long term hypertension management. Its dose and use is limited by its main side effect—postural hypotension, where there is a substantial drop in blood pressure when standing up. Labetalol's dual alpha and beta adrenergic antagonism has different ...
